

BROWN TO GREEN

THE G20 TRANSITION TO A LOW-CARBON ECONOMY | 2018

WEBINAR: REPORT LAUNCH

14 November 2018 (Wednesday)

16:00-17:00 CET (or [convert time](#))

[REGISTER](#) to hook into the live stream

Dear Madam or Sir,

One week before the G20 Summit in Argentina and COP24 in Poland, Climate Transparency launches its Brown to Green Report 2018. Covering 80 indicators, the report is the world's most comprehensive review of G20 climate action. It provides concise and comparable information on G20 country mitigation action, finance and vulnerability. Developed by experts from 14 research organisations and NGOs from the majority of the G20 countries, the report informs policy makers and stimulates national debates. We cordially invite you to join our discussion on this year's findings in our launch webinar.

16:00 Welcome

Alvaro Umaña, Co-chair of Climate Transparency

16:05 Presentation of key findings of the Brown to Green Report 2018
